|  | <h1>Describing objects</h1> <h1>Describing inventions</h1> |  |
|--|--|--|

Choose an invention

1. Choose an invention on the document “ridiculous inventions” or on the web.
2. Find (or invent) information about it: target customer, price,...
3. Create a slide show to convince your auditory that your invention is very promising and that they should invest on it.
4. Be prepared to defend your product...

Work presentation – marking grid

| Criteria | 0 | 1 | 2 |
|------------------------|-----------|---------------|------------------|
| Speaking | Reading | Uncomfortable | Fluid |
| Product | Unclear | Clear enough | Crystal clear |
| Originality | not | quite | very |
| Link words/ vocabulary | No effort | Too average | Obvious efforts |
| Tone | French | Some efforts | Constant efforts |

Should you invest or not ?

While listening to the other's presentation, you have to fill the table:

| Name of the potential buyer (your name) : | | | | |
|---|-----------------------|--------|------------------------------|---|
| Names of the students | Name of the invention | Price? | Description of the invention | Are you convinced by this product? Would you buy it? Explain why / why not? |
| | | | | |
| | | | | |
| | | | | |
| | | | | |

Which product would you invest in?
