

## Activity materials list

For each team:

- 25 toothpicks
- 11 soft spherical sweets

## Instructions

- Use sweets to connect 5 toothpicks in a ring. This is your base.
- Use 2 toothpicks and 1 sweet to make a triangle on one side of the base.
- Repeat all the way around the base until you have 5 triangles.
- Use toothpicks to connect the sweets at the tops of the triangles. You should now have 10 triangles.
- Push 1 toothpick into each of the top sweets.
- Use one last sweet to connect these toothpicks at the top.

## Activity materials list

For each team:

- 25 toothpicks
- 11 soft spherical sweets

## Instructions

- Use sweets to connect 5 toothpicks in a ring. This is your base.
- Use 2 toothpicks and 1 sweet to make a triangle on one side of the base.
- Repeat all the way around the base until you have 5 triangles.
- Use toothpicks to connect the sweets at the tops of the triangles. Now how many triangles do you have?
- Push 1 toothpick into each of the top sweets.
- Use one last sweet to connect these toothpicks at the top.
