

Context

Work with a partner.

You both work for an imaginary company.

Choose a name for your company: _____

Its main business area is _____

The graphs below refer to your company. It is April and the graphs refer to last year and the first quarter of this year.

Work to be done

The graphs refer to your company, so:

- Describe and discuss the trends
- Invent reasons for the main movements during your discussion
- Complete the market predictions and think of ideas for new products

Be ready for an oral presentation.
